## REFERENCE

**AJN REFURBISHMENTS LTD**  
UNIT 5 CARVER HEY FARM, MOSS LANE, LITTLE HOOLE, PRESTON, PR4 4SX

I have known Andrew Noblett (Nobby), the managing Director of AJN, for a period of approximately 8 years, and following previous excellent working relationships I introduced his company as an approved sub-contractor, to Circle Britannia Limited.

Over the past years AJN Refurbishments have provided Circle Britannia Limited with an excellent quality of service.

The projects that AJN have undertaken for Circle Britannia Limited range in value from £400 to Circa £47K and include Insurance related reinstatement of both commercial and domestic properties; plaster and decorative reinstatement, purpose made joinery items e.g. doors, windows and bars fittings.

They have also carried out minor refurbishment projects on several commercial premises.

They have been able to resource allied trade specialist: flooring, roofing, mechanical and electrical, to seamlessly complete the projects assigned to them, within given time scales and budget restrictions.

AJN are progressively developing their Health and Safety Policy and we have no recorded accidents at work on any of our sites.

Communication is another of their strengths, continually updating both ourselves and the occupiers/management of the properties as required.

We have found AJN to be mindful of our clients' needs, minimising disruption in both commercial and domestic properties, being sensitive to any loss of trade or trade disruption and generally being polite and courteous in what is often a high pressure environment.

I trust that the above is of assistance with your thoughts regarding AJN, should you require any further details please do not hesitate to contact me.

Yours faithfully  
For Circle Britannia Ltd.

  
Ivan Starkie  
Regional Manager
